Booking Our Services

Oxygen Therapy and Class bookings can be made online. You will receive full instructions and your unique login details after registration and assessment.

Bookings for our Physiotherapy and Rehabilitation services (AlterG Treadmill, GMove Suit & Mollii Suit) are made directly with a member of the Physiotherapy team following a suitability assessment.

Payments can be made online using PayPal or Stripe. We also accept debit/credit card payments at reception or over the phone.

The Therapy Support Fund and Minimum Contribution System

Our Therapy Support Fund ensures our services remain affordable and accessible for people living with neurological conditions. The fund is sustained through fundraising, donations, and grants. It enables us to subsidise all our therapies and offer a minimum contribution system.

As well as the contributions you make towards the cost of your treatment, there are lots of easy ways you can help us continue our vital work. Check out our website at www.wearecompass.org.uk/donate for full details.
